March 16, 2020

To our valued families,

After a lot of thought and consideration, Elevated Insights Assessment has decided to temporarily close its doors. We will be closed starting Tuesday, March 17<sup>th</sup> through March 27<sup>th</sup> with plans to monitor the COVID-19 situation throughout.

All initial intake and testing appointments during this time are considered canceled and will be rescheduled. Your clinician will reach out to you individually for rescheduling once we establish a plan for reopening our doors.

Our team will be working remotely throughout this time and will have access to email and voicemail. In the event that testing has been completed and you are awaiting results and feedback, your clinician will reach out directly to discuss telehealth options.

We realize that this impacts a large number of the families we serve and appreciate your understanding and flexibility. Our team at Elevated Insights Assessment will do our best to reschedule all appointments, once it has been determined that it is safe to do so. The health and wellbeing of our community is our top priority. We feel like this is an ethically responsible decision for our practice and for each of you as well as for our larger community to ensure we can continue to live in a healthy world.

With gratitude,
